FLX& MOVE

FLEXIBLE
DURABLE
FUNCTIONAL

A high performance alternative to standard workwear, Bisley's Flex & Move range is as much about style as it is about functionality.

We've put it through it's paces, thanks to our resident Parkour expert Ali. Flipping, leaping, sliding – no problem in the Flex & Move gear designed with distinctive stretch fabrics. We don't recommend you try this at home, but rest assured Flex & Move is made to move with you.

// ACTIVE FIT

Bisley Active Fit shirts are one size smaller than the traditional fit. This is made possible due to the stretch component of the garment.

Bisley Active Fit pants and shorts are lower waisted (approx 4cm below true waist), half a size bigger in the waist and one size smaller in the thigh, knee and hem opening. The Active Fit is ideal for workers who prefer stretch garments to enhance comfort, flexibility and movement whilst maintaining durability.

Flex & Move is a unisex range.

Please refer to the Bisley size guide for reference.
